

Walking Tour Programme

Hackney Wick & Fish Island:

Sense of Place

Details

Friday 18 July or Friday 25 July 2025

Offsite meeting point- outside V&A East Storehouse

Overview

V&A Academy events invite you behind the scenes to bring you closer to the places linked to the V&A extraordinary collections.

Hackney Wick and Fish Island is a place that has experienced significant cycles of urban and environmental change. Transforming from marshland to a network of canals, manufacturing industry to spectacular sports, warehouses to artist studios, meanwhile spaces to homes; the area continues to evolve at pace. This walk will piece together fragments of these histories, navigating local landmarks, built heritage and construction sites to look beneath the surface of this developing part of east London.

Your walking tour leader

Colin is a local artist and educator. With a background in architecture, his multi-disciplinary place-based practice and research combines archival material, installation, writing, walking and wayfinding.
